

# Dubrovnik International ESEE Mining School

## DIM 2016 -Innovative Approaches to Blasting

Dear collages,

We are happy to invite you as applicant, sponsor or donator for our upcoming "**Dubrovnik International ESEE Mining School – DIM 2016**", an academic program that brings together international experts in the field of Mining in the heart of the ESEE (East- and South East European) Region.

Our intention is to run this program as long-lasting joint project of the University of Zagreb and Montan University of Leoben with strong international partnership within the ESEE region, annually, and the first edition of the short course will be held this year from **October 23 to 28 at Inter University Centre Dubrovnik, Croatia**. Program this year will focus on the wider societal and economic acceptance of drilling and blasting, by educating mining engineers on the newest innovative, tested techniques on environmentally friendly blasting
